

COVID 19 LLTltd Compliance for operator training. Question form

To be filled in by an appropriate representative of the firm requiring on-site training.
NOTE : Where appropriate the operators company's relevant COVID 19 rules should also be attached to this document before being returned and training starts.

For our instructor to visit compliance to strong guidelines is requested and required. It based on the science that in the right conditions the virus could last 3 days on plastic and other surfaces. The 'virial load' can reach the infectious state, by you being with an 'A' Symptomatic carrier in a confined environment for more than 15 min or less, and also it can be transferred directly to you by ingesting infectious micro droplets in the air through your mouth, nose, and tear ducts.
